General Report Comments: Hugh and I, Elani, arrived at the property and met with Kim. They basically have a large plot of enclosed land on a farm.

They have 6 cats, 5 dogs and one mule. All the animals have access inside and outside the house as they please but are mostly inside. Kim and her boys are home everyday as she works from there.

Inside the house, there were multiple beds, water bowls and food bowls and all the animals got along with each other. They have also adopted a mule from Cape of Good Hope SPCA previously that has free roam of the outside area. He also does have a stable and shelter outside. They make use of WAGH.

Home check was passed as they do also understand how to integrate a puppy into a new home with other animals.

They are fetching Paris on Mondays her husband will also be home then.

To do post home check next year.
