General Report Comments: Elani and I, Hugh arrived at the property and we called for Truda outside the gate .

One of the tenants then called her and she arrived. We then greeted her and she allowed us access to the yard. She came outside and we could see that the dog is not on a runner yet. She then mentioned that her brother will be building the runner for her tomorrow.

She then showed us that she had already put raised flooring on the inside and that the dog has water 24 hours of the day which we were pleased with.

Warning 072 was then issued to:
-Provide bullet with adequate running chain within 5 days.

To follow up on Monday.
