General Report Comments: Elani and I,Hugh arrived at the petshop and was greeted by Gerhard koots.He then told us that we could do a walk through and that everything is supposed to be in order.

We then did a walk through and noticed that the bird enclosures was cleaned and we were pleased.We also walked to the fish tanks and noticed that they had put in hiding spaces for the fish .

While walking through I noticed the new fish and Elani spotted one who seemed like it was busy dying.Elani then had Gerhard remove the fish and humanely euthanize it by brain masseration.

We were pleased by the progress and asked him what he feeds the birds and he showed us a mixture which was adequate we then asked him to recommend it to other bird keepers and he agreed.

Case closed.
