General Report Comments: Elani and I,Hugh arrived at Petre's Doggy parlour,upon arrival Petre came outside and we greeted her and explained to her that we were there to do an inspection.She then complied by giving us access to the business.

We then went inside and were impressed by the cleanliness of the bedding inside the cages aswell as on the floors.We then went through to the area where the dogs get trimmed ,she also mentioned that she has little clients today and she is usually much more busy throughout the holidays.

We then noticed one dog getting groomed and we were pleased with the equipment used and the method used.The dog was calm aswell as the groomer.

Petre then showed us the disinfectants aswell as the shampoo and she mentioned that she had been using the Shine shampoo for pets for 12 years and has never experienced a problem.Owners also supply her with the shampoo that they prefer if needed . Owners can also wait for their dogs as there are a waiting area or they can also be with their dog in case they need to keep the dog calm.

We were overall impressed.
