CHECKLISTS

General Report Comments: Elani and I,Hugh arrived at the property and we could not see the dog. We then called from the gate and the owner then came outside. We then greeted him and introduced ourselves.

We then mentioned that his wife surrendered a dog a week back that seemingly was sick .We explained to him that we were just here in order to check up on the dog we saw last time.He then mentioned that the dog sometimes leaves the yard but he is okay. We then walked to the back and saw he's warm kennel,he looked seemingly happy. We also saw the water which wasn't the cleanest but not worrying. We also educated the owner on having to feed the dog 3 times a day so he could gain some weight as he is a little underweight. We also suggested buying some deworming. He then mentioned that he will speak with his son.

No further action needed.
