General Report Comments: Elani and I,Hugh arrived at the property and knocked on the door.Debbie Prins then opened the door and we greeted her and we mentioned to her that prior that day her daughter told me that they have two cats that they would like to surrender.

I also explained to her that we have a cat trap with a bunny in the same area and she mentioned that it was their bunny.Debbie then asked us whether we caught the bunny and I explained to her that we did go and pick up the bunny.She then said she would like to surrender the bunny because he keeps on digging holes aswell as surrender one cat because the other cat is old and sterilized.They then signed over the bunny and the cat. We then walked through looking for the cat and while walking through noticed their dog Spartan on a static chain.

We then eventually caught the cat and then moved our focus towards the dog .Elani then educated them on why a running chain would be better.She then agreed and Elani then gave her 7 days to sort out a runner.

Warning 048 was then issued to:

- Spartan was observed on a static chain,with no shelter and access to water.
- Provide Spartan with a running chain within 7 days.
- Provide Spartan with adequate shelter within 7 days.
- Ensure Spartan always has access to water.

To follow up within 7 days.
