General Report Comments: I, Elani arrived at the property and met with Debbie Prins. She allowed me access to the property but was very frustrated upon my return. She thought other people complained about her dog again but I told her this was due to me seeing the dog chained up in the backyard.

Spartan was kept at the back in an enclosure still tied with a leash to a metal structure. He did have access to shelter and water at the time. I explained that they only need to get a wire to build the runner.

I issued a warning to:

1) Provide Spartan with a running chain eithin 6 days.

To follow up next week to see whether they complied.
