General Report Comments: Inspector Navesh,DJ White and I,Hugh arrived at Quenti farms.We then met up with Stephan.He then decided to show us around and give us access to the farm.

We firstly walked through the enclosures where they were being kept and they seemed extremely friendly.We then went into the shelter area where they usually gather in the evening .He showed us his drainage systems and I was impressed.We then saw his water systems aswell which he said he cleans daily.We also could visibly see that he cleans everyday as the cleanliness and flies were not a problem.

He then showed us the medicines which they recieve from the animal hospital to care for there animals aswell as the reports of each animal.

We were impressed by the structure of the facility and the efforts that they put into each alpaca .We then walked back and they discussed the sheering of the alpacas.It was a good learning experience for all of us.
