General Report Comments: Rlani and I, Hugh arrived at the property and saw little children playing outside. We then greeted them and asked them if there were any grown ups. They went inside and called their aunt who then came outside.

We then greeted her and she allowed us access . At first we could see Mason in the front on a adequate length static chain. We then eplained to Edwina who then quickly denied that it was her animals. We eplained that Mason should be put on a runner as well as have an adequate collar around his neck. She then said she will speak to the owner.

Warning 104 was then issued to Jermaine Cloete to:

- Provide Mason with an adequate collar/piping around chain within 7 days.
- Provide Mason with an adequate running chain within 7 days.

This was given to Edwina.

We then walked to the back and saw Tessa lovked in a kennel as she has puppies . Edwina mentioned that the owner is scared the puppies will get stolen and this is why he lovks them up. We could see that the kennel was a bit dirty .

Warning 105 was then issued in Afrikaans to Nigel Jafta to:

- Maak seker om Tessa se leefspasie skoon te maak van tommel/ skerp voorwerpe binne 72 uur.
- Maak seker dat Tessa vry kan beweeg in die agter jaard . Maak die hel oop en sonder die area uit met borde/pallets binne 7 dae.

To follow up within 7 days.
