General Report Comments: Hugh and I, Elani arrivex at the property which is a flat next to the fisheries and immediately saw the dog in question. The hind leg was entirely broken.
Children then arrived and the one said its his dog and mentioned where his father works at Hi-Q.
We loaded the dog and went to Hi Q.
We found the owner and explained he needs to take the dog to a veterinarian or sign him over for euthanasia. He said he got Rexi from a old man who died about a month ago.

He then signed the dog over as the veterinarian is too costly.
