General Report Comments: I, Elani arrived at the property and met with Shahieda. I explained why I am there and she allowed me to see the dog in question named Milo. The backyard is enclosed by gates and walls. Milo is kept in the backyard under a roofed area with a kennel and water. However, he was on a twisted static chain with the chain tightly around his neck. Shahieda explained that he is chained because he takes the clothes of the washing line. I told her that is not a good enough reason. She told me the owner is Elroy. I explained that I will give 7 days for them to preferably loosen the dog to roam freely or place him on a running chain. This is when she mentioned he bites the kids. I then also added to the warning that he needs an adequate collar (belt/piping). After explaining in detail what she must do she signed the warning. To follow up within a week.
