General Report Comments: High and I, Elani arrived at the property and met with Tiaan and his family. They have three Boerboel mix dogs who are all slightly underweight with Rex being the most underweight. We asked them when last they dewormed the dogs and what they feed. He could not remember when last they gave it. We asked this because Roxy and Apottys tummies were abnormally swollen like they are pregnant and one of the dogs has a runny tummy. The son was also busy cleaning the yard and bowls as we got there. The dogs had food in their bowls and several water bowls. Tiaan brought us the bag of food he uses and it is the better version of trusty. They feed them three times a day and sometimes mix home food and brown onion soup. We educated them on what to feed, how much, how many times per day and what not to feed. We also educated them about deworming. Tiaan then drove with us to the spca to buy Triworm D for all of his dogs. We informed him that we will do a follow up inspection within a month.
