Comments:	Shelden and i,Hugh arrived at the property.I called from the outside and Patricia Arendse came outside . I explained to her that i had recieved a call about a dog laying outside who had been hit with an object and is injured.She took me inside and mentioned that her dog breaks loose from time to time and fights with other dogs,this is where the wound comes from.I observed the dog and saw one wound on the left side of its head.I also saw that boyka(her dog) was on a chain and i inspected this and saw it was a running chain.He had a large bowl of water and was under a varanda with shelter.I explained to her about the mobile clinic and mentioned i would speak to our doctor to say they would be coming to the mobile clinic.They agreed and i issued notice to comply 043 to:Provide boyka with veterinary treatment within 24 hours.You are welcome to have him checked by our mobile veterinarian .To follow up tomorrow.
