Comments by Inspector:

Upon my, Inspector Jason and Inspector mark's arrival at the saleyard we met with Carl who I'd the person in charge, he allowed us access on to the property, we then asked Carl if we could have a meeting with his staff before the day starts of which he said yes its ok.

We met with the staff of which we explained to them what I concerns was last week at the auction. We addressed the handling issue as well as the water issue, we explained to the staff we understand that when the auction is on its busy so we will give time to avail themselves in a time span of a half-hour if there's no water for them to fill up the animals water buckets as it started getting really hot, they understood and agreed with us that our plan could work, we also addressed the concern regarding handling and once again explained to them that they are not to prod the cattle in the Anus, facial and genital areas, again they agreed and went off to do there ...
