Thanks for your mail , we have however been engaged in looking in to solutions .
The suggestion given to erect roof structures as per your proposal had an estimated costing of R18 000 000 , at this point would not be an option .
We have purchased over 300 trees which are currently being planted to provide shade .
We have started purchasing materials monthly to construct shelters and as finances allow we will continue to do this .
We have moved camps where possible to areas that are well sheltered with existing tree lines .

Therefore as you can see we are making progress .

At our last meeting with the RPO representative he requested certain information and clarity on certain points , he is however still awaiting the feedback the last time I asked him .

Regards

EMAIL ABOVE RECEIVED FROM DUNCAN. I WILL GIVE THE INFORMATION TO JACO AS WELL FOR FURTHER DISCUSSION.
