Good day Carina

I trust this email finds you well. Kindly note that as of February 2023, Dr Lau no longer works for the WCPVL and therefore her email no longer exists, given that her CCS vet service year has ended. Kindly forward me the report for the case that you are referring to (as our laboratory is currently closed for renovation and I currently do not have access to our servers from where I am at the moment) and also indicate clearly to which "condition" you are specifically referring to where a time estimation would be necessary.

Stay safe,
Kind regards,
Taz
