Postal Code:
Date: 2023-08-01
Time: 13:41
Inspector: CARINA BODENSTEIN

Type: CASE DISCUSSION NOTE

Follow-Up Date: 2023-08-03

Comments: EMAIL RECEIVED FROM THE PEOPLE THAT TOOK ZHURI OVER:

Dear Ms Bodenstein,

My name is Benthe Legg and I assist with the rescue of animals and support financially several animal organisations. I saw Zuri on Monday, the 5th June 2023 and arranged, with Cecilia's (from Imagine) permission, to have Zuri assessed at Pure Rehabilitation and Rescue (PURE). I took Zuri there on Friday, the 9th June 2023 and PURE agreed to keep her, with myself sponsoring her stay and care. I understand that you were also concerned about Zuri following your visit to Imagine on Wednesday, the 7th June 2023. I have been in constant follow up with PURE, have received updates via Whatsapp and yesterday visited Zuri, now renamed Blossom. Cecilia has also received updates.

Blossom has made an incredible turnaround. She is looking really well, photo below. I tried to send you a full video of her eating out of the hand, but the video would not attach to the e-mail because of size.

Blossom is being walked daily along with other dogs and has a large kennel with a mattress and wooden kennel inside. She receives mental stimulation and may be ready for adoption in a few weeks' time after follow up assessments. When walking past the kennels of barking dogs, she was totally non-reactive.

I shall be visiting Blossom again over the weekend and spend more time with her.

If you wish to see the full video or discuss further with me, please let me know. I could send the full video to you via Whatsapp.

Kind regards

Benthe Legg
