Inspector: RUDOLPH PHILANDER

Type: CASE DISCUSSION NOTE
Follow-Up Date: 2023-01-27

Comments: I have read through the case notes and it seems as if the respondent has complied with all the warnings/ notices issued to him. The last inspection that was done states that the respondent's friend said that the owner could not provide food for the dogs or take them to the vet. This, however, is hearsay. I would suggest that we check on the condition of the dogs again. If the dogs are in the same condition then try to convince the owner to surrender the dogs.

If the owner does not surrender then I suggest we issue the final 24 hour warning for veterinary treatment.
