Neglect

Toska (INSP174665) - 1256 Abdurrahman Street, Bellville South

After having you revisit this case over and over again, at this point, I'm sure it seems as if I have something against Toska's owners but all I want is for them to treat her with the respect that she deserves. When I arrived tonight she was wrapped around the tree again (owners sitting outside knowing this) and excitedly but patiently waited for me to free her. Who knows how long she didn't have access to her water or shade for? Only her owners know this but what I do know, is that this problem will keep re-occurring unless she has zero access to that tree at all or her owners understand the severity of what happens when they continue to put their dog in crap situations.
