Upon inspection, i met with Jaydan-lee. The dog was free roaming inside the property. The dog had access to water and a clean living environment. The dog had access to adequate shelter. He told me that he does discipline the dog with his hand as she dug holes. I told him to get toys for the dog and use newspaper that is rolled up and hit it against a wall just for the sound instead of hitting the dog. The dog didn't have any wounds or injuries. The dog appeared in a fair condition and good health. I issued a warning stating if any evidence is obtained of him hitting/abusing any animal, further legal action may be taken against him. Case can be closed
