Were any animals seen on the property?

Yes

List animals seen:

	Type	Breed	Sex	Age	Colour	Name
Animal 1	Dog	Boerboel cross	Female	26 months	Tan	Tyson
Animal 2		Boerboel	Male	7 weeks	Tan	
Animal 3		Boerboel	Male	7 weeks	Tan	
Animal 4		Boerboel	Female	7 weeks	Tan	

If more than 10 animals, use this block to elaborate:

On my arrival, I have met with a man who Introduced himself as Nathi Mabala, he allowed me onto the property, I wanted to see the all the animals, then he showed me the dog called Tyson, who chained up with a short chain, thry claimed that the is aggressive and they are running the business on the property

I also observed four puppies, all the puppies as well as their mother were docked, The family mentioned that there is an old man who reside in Phillip, who likes to do the tail docking, I wanted them to provide me with the details of the accused, they told me that, the person who knows and has details of the accused is their mother who was not at home by the time of inspection, the tails of the puppies appeared to be healed.

I told them that what they allowed to the dogs is not permitted, they can go to jail for that, they apologize.

They will need to provide us with the details of the accused, and they also need to surrender all the dogs. They apologize and said they were unaware that docking an animal is against the law.

They agreed to surrender the dog however they requested to speak with their mother who was not at home by that time.

I didn't issue warning, my plan is come back tomorrow morning, if found different stories, we will have to obtain the warrant and remove the animals
