General Report Comments: Upon arrival I met Caretaker who gave me access onto property. She told me that the owner of the dogs have not decided to surrender dogs as they agree the dogs are suffering , but also that they are not able to provide adequate veterinary treatment.

I spoke to my Supervisor to ask if a collection officer can collect them as I still have alot of cases to deal with some of which are also veterinary treatment cases.

I then observed the dogs in question who appears to be under weight. They have access to adequate water and a clean living environment. The owner has provided one decent kennel, butbit is still not big enough for both dogs.

Kindly allocate to collection officer.
