General Report Comments: Upon arrival I met owner's daughter inlaw who gave me access onto property. She told me that the dog's owner is not home. We went to the back of the property to where the dogs are kept. They appear to be in fair condition and alert with body scores of 3/5. They have access to adequate water, shelter and a fairly clean living environment.

I then told her as owner is interested in sterilization animals will be collected in Jan.2025.
