General Report Comments: Upon my arrival at the property I met with the owner named frank who allowed me access on to the property where I could do my inspection.

Upon inspection I observed the puppy who is free roaming on the property, the dog has good body condition, water and shelter is available and the living environment is clean.

I spoke to the owner and he informed me that he did put the dog on the leash but that was when they did the washing, I told the owner to rather not do that at all rather let the dog roam freely on the side of the house, the owner told me that's a better idea and will rather do that.

I see no contraventions of the animals protection act 71 of 1962 therefore this case can now be closed.NFA
