CONFINEMENT OF ANIMALS Free roaming - in property

General Report Comments: Upon inspection, i met with Joseph. The 2 dogs were free roaming on the property. The dogs had access to water and a clean living environment. The dogs had access to adequate shelter as there are 2 wooden kennels. I observed that 1 of the kennels had a gate on it. He told me that when he pull his vehicle in or out of the property, he put the 1 dog inside the kennel to prevent the dog from running out. Ive discussed this matter with inspector Rudi and we agreed that a warning must be issued. Both dogs appeared in a fair condition and good health.

I issued a warning to not confine his dogs to the kennel for long periods of time and merely when he pulls his car in or out of the property and that his dogs must be free when he is not pulling his car in or out of the property
