35. If more than 2 strokes – why _____
36. Does dressing of animal take place while life signs still showing No
37. Is the area used for bleeding cleaned between each animal No ***

Comments _____

Cadet Natasha and I happened upon this qurbani site in the early afternoon. When we got there they just finished slaughtering a cow. We saw the cow had been bound/ tethered by the legs to be slaughtered. They didn't pre-stun the animal and they didn't have proper facilities to be slaughtering these animals.
