Comments by Inspector:

The inspection had been carried out by Inspector Julian van Der Zandt (AWS). He inspected the four blind goats identified and isolated upon previous inspections. The goats are still being treated, however, the treatment doesn't seem to be working.

The sale yard was very quiet during this inspection. Julian was asked to remain there until 10h00 and then moved to another qurbani site that was slaughtering animals. No contraventions observed during the time of the inspection.
