 **32 degrees**

9: 46AM

I've seen them 3 x this week in Cromer Road in Muizenberg. Seems a younger less caring generation has horse now and is pushing it too hard and not caring for it as it had been in the past. Karen | 083 962 4381

"He was made to go up School Road and take first left...on Saturday morning, I think it was. Thought it was a bit hard on him." Tessa Moore | 082 320 1601

NOTE: School Road is cobbled and steep up the mountainside.

"That horse was in the lakeside area early this morning. I saw it on my way to work. He's had one helluva long day 😞 I never did anything about it as I had no idea he would be on the road all day.

It was around 10am today at the recycle bins opposite Lakeside Pick 'n Pay." Des B in Lakeside | 082 659 8005
