| Follow-Up Date: | 2024-03-22                                                                                                                                                                                                                                                                                                                                                                                                                                                       |
| Comments:       | <p>START COMPILING &amp; FINALISING DOCKET CONTENT</p> <p>I may only be able to start focusing on compiling this docket on Friday, 22 March 2024 (hopefully before). This date might change for the blow reasons.</p> <p>I first have to prioritise another 12 dockets prior to this one – I am currently compiling a list from Welfare Tracker to make a schedule relevant to compiling and reviewing dockets (with the older cases being finalised first).</p> |
