Follow-Up Date:	2024-02-20
Comments:	I called Johan on Telviva between 14h01 to 14h06 to find out why he called me yesterday. According to the discussion recorded, he said that Law Enforcement and Dr Trichardt came out yesterday. They decided to rather euthanize Seun and Suki. He also said he pulled all the laws to see what size the cages must be. He was much calmer today. He also said Law Enforcement said the enclosure sizes are adequate and I told him they do not work with the APA . LE also told him that he cannot burn his field for now. It sounded like he is complying as he agreed with the holes in the flooring and kennels. However we agreed to call each other on Tuesday to follow up how the progress is going .
