Comments:	I attended to the two camera traps we set to remove the memory cards and download the footage. Camera 1 (left corner of back yard) footage reported no movement or unusual incidents at all. Camera 2 (greenhouse) rdc8rded no movement at all. I observed the dog cages to be all empty at the time of this visit. The place was quiet. I await further instruction from inspector Elani Graham as to wether to replace the camera traps.
