Comments:	The owner (Georgio Hughes) arrived at at approximately 16h45, she mentioned that the dog called Stranger is her sisters dog, but her sister is a minor, and she was the caretaker of the dog for all along, she further mentioned that, she ised to sign the warnings on behalf of her sister. Rudy and myself we have agreed that she can claimed both dogs. The owner asked why did I remove the dogs from the minor, we have told her that the court order gives us the authority to inspect and seize if there are animals that are not well looked after, we further explained to her that , even if there is no one at the property, that doesn't stop us from doing our job. After we have told the owner that she is not going to get his animals, she can surrender the dogs in order for us to get a home in the meantime, however she refused to surrender the dogs. she responded by saying, we are cruel, why we didn't tell her from the beginning that she is not going to get her dogs. She further mentioned that, I knew that she was not working, she got a job recently, I have tried to explain to her that, we were lenient to her, as the case took almost 5 months to be where it is now. We will have to compile a docket
