Comments:	Bertus Whatsapped me to say he has an appointment at CEAH tonight for veterinary treatment for his bird at 18h00 if he gets paid bit if he does not he can get an appointment on the 28th. He asked for more time because of the money.
Captured By:	I informed him to let me know what happens and if I should reschedule for the 28th. I also again mentioned that he can surrender the bird to us.
	To see whether he could make the appointment tonight or not.
