Comments:	I struggled to find the house as the last number in the street is number 25. I phoned and spoke to the complainant who told me that it's number 17. He also told me that yesterday, the police came and told his brother to leave the property and to take the dog with him, which he then did and now the complainant dont know where the dog and onwer is. I did tell the complainant to contact us if the onwer returned with the dog and the dog is injured.
