Comments, if any:

Upon follow-up I shouted at the gate but no one came out of the property, I observed inspector Ngcofes warning that was left on Saturday which was still on the gate not removed. I observed a vehicle in the driveway silver BMW and the boot was opened and one of the back doors. A neighbor at 65 called me and asked if I can come and help her husband up to a wheel chair and I went inside to help, while we were speaking I asked her when last did she see the people on the property and she claimed someone is home. I left the neighbors property and I heard the door gate close at the address in question when I looked someone went inside again. I shouted again at the property but no one came out of the property.
