General Report Comments: Upon my arrival at the property I met with the owner named Lorna who allowed me access.

I explained to Lorna I'm coming to inspect the dog the young boy was begging with, Lorna informed me the a white guy came and took her 2 dogs and she was very upset, I checked the entire property and only found 1 puppy who is just over 2 months, free roaming, the puppy has good body condition, water and shelter is available as the puppy sleeps inside the house and the living environment is clean aswell.

The puppy is to young to be sterilized.

I see no contraventions of the animals protection act 71 of 1962 therefore this case can now be closed.NFA
