General comments

Upon inspection, i met with Altaf. They only have and sell birds. I observed different bird species. All the birds were kept in cages that were big enough for the amount that was kept inside of it. The birds had access to water and a food. Adequate perches was provided for the birds and non were placed over each other. The birds are kept inside the shop. All the birds appear in a fair condition

Was a warning issued? No

Is a follow up necessary No
