Comments:	The onwer, was here again and he did an affidavit with one of our LE officers . He stated that he normally puts the dog on a chain while his mom plulls the car out of the yard and then the dog is taken off the chain again. This particular day he said he forgot and then when the SPCA got there , the dog was on the chain and he was not home. I told him that we will get back to him tomorrow regarding an answer for the way forward.
