Subject: Re: CoGH SPCA: Subject: URGENT: Blacklisted Individual in Possession of Pitbull – Durbanville

Hi thank you so much for the update

I see there is 2 dogs now, an older dog probably the one mentioned, what about the younger dog we see?

Thank you, for checking up but I see the older dog is constantly in the sun, why is he allowed to have a pet if he severally abused his other pets?

This dog is going to suffer just like all his other dogs
