Comments:	Upon arrival I met with Wendy, who gave me access to the property. She showed me that the adult dogs and their puppies are no longer on the property. There are only 2 male puppies left, 3 months old. I informed her that should those adult dogs return they need to be sterilized, otherwise should we be called back we will continue with impoundment. I also told her that the 2 puppies needs to be sterilized once they reach 6 months old. However, for now this case can be closed, NFA.
