Comments, if any:

Upon arrival, the owner granted access to Inspector Davids and I to conduct the follow-up inspection.

We observed the dogs on the property, the dogs appeared to be sufficiently groomed and the owner also complied by ensuring water is available at all times. The living environment was slightly cluttered as the owner had to cut down a tree in the yard as it was damaging his sewerage pipes but there was no faeces in it or unnecessary objects or debris.

No welfare concerns were observed so the matter can be concluded.
