Subject: Re: CoGH SPCA: INSP218784 Please help my father's dog

Good day,

Today I was informed that the tenant yet again had to buy food for the poor dog , who is being neglected by the new owner.

Please do your job and take the dog away. She is aware of your letter, she's not going to get. My father has been dead for over a month and away from home for even longer.

I will be forced to escalate if nothing is done.

All the best,  
Chantelle Vollenweider
