Good day Nafisa,

Thank you for sending through the affidavits. I have reviewed them, and unfortunately there is not much we can do with the information provided, as no specific individuals and or actions are mentioned.

That said, we are in the process of drafting a letter of warning to the body corporate of both properties. They will be instructed to warn their respective tenants that, should we receive any evidence or proof of individuals removing the young or causing harm to the animals in any way, legal action will be taken against those responsible.

Do you perhaps have an email address for the body corporate of the Mont Serrat complex? I have not been able to find it online.
