Please describe the concern you have

My neighbors is not giving there dog any attention. I don't hear them come out to give the dog food... They don't cries but they just don't care. They'd probably feed him once in a while but it's not nice to hear the dog bark and cry the whole time and they just don't bother to come out to check on him. This issue has been going on for a while now and I had enough. Please can you come check at the condition the dog is living been raining storming and the dog must sleep outside.
