Comments, if any:

Upon arrival, myself and Inspector Lwazi Ntungele from the Cape of Good Hope SPCA met with Mrs Ymesia Goldstone, owner of the dog on the property. We observed a medium X breed dog, fair body condition, and a small X breed dog, fair body condition, both free roaming on the property. The dogs had access to clean water, and the living environment was clean. I asked the owner where the shelters are for the dogs, and she said they still need to get the shelters as they have recently moved in and are still busy bringing stuff from their previous residence. I told her that they will need to get the shelters for the dogs as soon as possible. She said she can have it there in about a weeks' time. I told her that is fine, as long as she makes the inside of the house accessible to the dogs in the meantime as well. She agreed to that.

I issued a warning, 21816, to:

* Provide the animals with adequate shelter against the elements within 14 days.

Myself and Inspector Lwazi Ntungele cosigned the warning, and Mrs Ymesia Goldstone signed and accepted the warning.
