Adequate space: No ***

Clean living environment: Yes

Water available: Yes, but dirty / not potable ***

Adequate shelter available: Yes

Animal/s in good condition: Yes

Veterinary problems / health concerns: No

Comments, if any:

Upon arrival, myself and Inspector Lwazi Ntungele of Cape of Good Hope SPCA met with the owner of the dog, Mr Zaan Philander, who granted us access to the property. We observed an adult female Jack Russel dog, fair body condition but on a short static chain. The dog had access to adequate shelter and water, however the water was dirty and not potable. The living area was clean and hygienically maintained. The owner explained he had the dog on a running chain due to the dog being able to escape the property, however the chain broke. We informed him that the dog must be put back on a running chain while the property is not enclosed yet, and educated him on better ways to do it. I also told him he needs to clean the water bucket out and keep it clean with fresh water for the dog at all times. I issued a warning, 21813, to:

- Provide the animal sufficient potable water 24 hours a day.

The warning was cosigned by myself and Inspector Lwazi Ntungele. The warning was signed and accepted by Mr Zaan Philander. I also administered dewormer for the dog, and arranged with the owner for the dog to be sterilized.

ACTION TAKEN :

☒ Notice to Comply issued

Number: 21813

OUTCOME / FOLLOW-UP :

☒ Follow-up inspection to be conducted

Follow-up inspection date / period: September 30, 2025
