Comments:	Hi, it's Martin in Kenridge. The new vet says she will charge about R700 for the cortisone shot for Bollie , which includes consultation. I'll then rather go to AACL in Epping next week. I have given Bollie her Revolution. May I have till Friday next week to get to AACL , then my sister will be able to accompany me and keep Bollie calm in the car ? Kind regards. As per Martin i will give him till 22 September 2025
