Hi Jaco

See linked attached to the docket for the dog that was allegedly beaten to death but later found that the dog died of tick bite fever. Please can you check if my affidavit is in order before I print and compile the docket. I also did the Photographic Evidence and J15 Annexure Count 1.

Hi Rudolph

I have reviewed your affidavit and made some changes. I am, however, agreeing with the comments by Werner. We need to link the owner with the suffering. We need to get the owner's version as to why the dog was not taken to a vet.

I think the best way forward is to go interview the owner and then for Law Enforcement to issue a fine after we receive the signed vets report.

Tariq and I are working tomorrow and can maybe go with you for this.

Kind regards

Hi Jaco

Thank you for this. Just a reminder that I am on leave tomorrow and Monday. Would the purpose of the fine negate the docket or are we still proceeding with it? And the affidavit was signed today by Dr Martin so that is sorted.

Further to this, I have tried calling the owner several times, but never kept record of this unfortunately. I think it will be best that I try again and possibly call in the evening, maybe he will be home at the time.
