Type:	CALL RECORD - MADE
Follow-Up Date:	
Comments:	I called the owner, who appeared worked up. He stated that he cannot take the dog to the veterinarian again, as he has already spent a significant amount of money. He explained that the veterinarian had informed him there was nothing wrong with the dog, apart from an old injury, which is the reason for the limp. I informed him that I would confirm the findings with the hospital. I then contacted our hospital and confirmed that there was no follow-up date recorded on the card. The dog had been prescribed a five-day course of anti-inflammatories. Recommendation: Based on the veterinary findings and treatment provided, I recommend that this case be closed.
