Comments:	I called the owner and an adult female answered, I told her that I am calling from SPCA I, I am looking for Rene, she told me that she is at the beach she left Rene at home. TEARS did not come yet to collect the dog. They said they were coming, but they bought some stuff from the petshop. Now I do not know how to get to their shack as they are situated deep inside an informal settlement. I will discuss with the supervisor for a discussion on the way foward.
